Terrific Blast Shatters Offices Of J. P. Morgan and Company Sub-Treasury Building And Breaks Every Window In The Financial District Of New York City.

200 to 300 Injured And Lower Sky Scrapers Are Rocked By Tremendous Concussion Which Shakes Lower Manhattan.

NEW YORK, SEPTEMBER 16. — (Associated Press)—A mysterious explosion, disastrous and deadly in its effect, occurred at noon today in Wall Street, killing more than a score of persons and injuring hundreds.

Office workers were just hurrying into the street for their noon lunch when a jet of black smoke and flame rose from the center of the world's great street of finance.

Then came a terrific blast. A moment later scores of men and women and children were lying, blood-covered, on the pavement.

Two minutes later nearly all the exchanges had closed. Men had turned from barter to an errand of mercy—and there was need of it.

NEW YORK, SEPTEMBER 16. — (Associated Press)—Dozens of persons are estimated by the police to be dead and 200 to 300 injured as result of a terrific explosion in the heart of the financial district today which rocked lower Manhattan, wrecked the offices of J. P. Morgan & Company and partially destroyed the sub-treasury building nearby.

The entire police reserves and the fire department were hurriedly mobilized and rushed to the scene to aid in removing the dead and injured, who were lying in the streets together with a number of dead horses and wrecked automobiles.

A heavy detachment arrived from Governor's Island in response to an emergency call for troops to guard the sub-treasury building and assist the police in the work of rescue.

Preliminary investigation failed to determine the cause of the explosion, various reports indicating men arriving in an automobile had purposely or accidentally dropped a bomb in front of the Morgan offices when accosted by guards. Another report was to the effect an automobile truck loaded with TNT had collided with an automobile. Detectives were inclined to doubt this cause, however.

Junius Spencer Morgan, of the house of Morgan, was seriously injured by flying glass.

The New York Stock Exchange was declared closed shortly after the explosion, which caused unprecedented excitement and confusion throughout downtown New York.

Every window glass in the financial district was shattered by the blast and the Equitable building was rocked on its foundation as were many others.

Great crowds flocked to the scene of the disaster and police reserves had difficulty in holding them in check, the congestion interfering with the work of rescue.

## DETECTIVES BUSY

While the police toiled for hours seeking the dead and injured trained investigators were trying in vain to determine definitely whether the explosion had occurred from a bomb dropped in front of the offices of J. P. Morgan & Company or whether an automobile dashing into a truck loaded with explosives had taken its toll.

## DYNAMITE USED

The cause of the explosion was declared to have been dynamite in the street by Police Commissioner Enright, who said he had been so informed by members of the Morgan firm.

Never in its history has lower Manhattan witnessed such excitement as prevailed following the explosion. Fire apparatus and ambulances dash-

ed through the narrow, crooked streets of the financial district on which lay a covering of shattered glass and the broken remains of men and horses.

## GIRLS MUTILATED

Among the bodies taken from the debris were those of three girls terribly mutilated.

In addition to the bodies of human beings and horses scattered over the pavement great blotches of blood appeared on the white walls of Wall Street office buildings.

Almost every pane of glass in the vicinity was shattered and besides a mass of broken crystal the streets were covered with fragments of brick and stone blasted from the base walls of sky-scrapers.

## RAISE IN RATE

Power Company Asks Big Increase in Rate For Central Heat in Washington C. H.

Raise From 23 to 45 Cents Per Square Foot Asked in Application To Utilities Commission.

(By Associated Press)

Columbus, O., September 16. — Practical increase of 100 per cent in water heating rates in Washington C. H. is provided for in a new rate schedule filed this morning at the Public Utilities Commission by the Washington Gas & Electric Company. Proposed rates will take effect October 15, unless protested.

They provide a rate of forty-five cents per square foot of heating service for a temperature of 70 degrees, as compared to the present rate of 23 cents.

A price of \$30 is asked for a heating season for permitting hot water to flow through a coil in a forty gallon range boiler. The present rate is \$15.

## PRESIDENT OF FRANCE RESIGNS FELL IN CANAL

Ill Health Prevents Deschanel Continuing In Office

Relapse Due To Fall Into The Canal Last Week

(By Associated Press)  
Rambouillet, France, September 16. — Paul Deschanel, President of France, presented his resignation from that office today. The president at his residence here gave his letter of resignation and a presidential message to accompany it to Premier Millerand, who will read the document to the Senate and Chamber of Deputies on Tuesday.

The version of the cause of President Deschanel's recent relapse given by the Temps today is that it was due to a fall into the canal near his home about six o'clock last Friday morning. The president was rescued by fishermen who happened to be nearby.

Thompson Faction Leads On Face of Latest Returns From State Election in Illinois

Rural Precincts Are Expected To Swell Loudon Faction Totals.

(By Associated Press)

Chicago, September 16.—Returns this morning from the Illinois primaries yesterday gave leads to the Republican candidates favored by Mayor Thompson's faction, but did not decide the contest.

Len Small received 195,088 against 179,399 for Lieutenant Governor John G. Ohlbesby for governor in returns from 1,520 precincts in Cook (Chicago) County and 1,629 outside. Congressman Frank L. Smith led Congressman W. B. McKinley for the nomination for United States Senator, 185,596 to 170,455. These returns were nearly all from the city precincts, with the county precincts, believed to be the Loudon faction's stronghold, yet to report.

## PUBLIC REBELLED AGAINST STEADILY MOUNTING PRICES

Governor Platt, Of Federal Reserve Board, Gives Reasons For Period Of Re-adjustment Now Under Way.

Denies Charge That Credit Restrictions Of Federal Reserve Board Responsible For Closing Industries

CHARLESTON, W. VA., SEPTEMBER 16.—(Associated Press)—The buying public "has rebelled against ever mounting prices and has forced a period of readjustment of values," Vice Governor Platt of the Federal Reserve Board declared today in a speech before the annual convention of the West Virginia Bankers' Association.

Analysis of the country's business conditions with respect to the price situation discloses a marked lessening of demands, he said, adding that refusal to buy was traceable directly to public sentiment against high prices.

Mr. Platt's speech, the first since his appointment, was designed as a reply to critics who had charged the board's credit restrictions and rediscount policies were responsible for the closing for part time operation of scores of manufacturing establishments.

Such charges, he said, were without merit, as the reason for the closing of many factories was found to be "deeper seated and more widespread."

Discussing the drop in prices of several consumable commodities, Mr. Platt said the courses followed by the market indicated a restoration of the old law of supply and demand, but he would not forecast the extent to which price recessions would go.

Mr. Platt divided critics of the board's reconstruction policies into three classes:

Those desiring lower rates—cheap money—regardless of economic laws or the requirement of the federal reserve act;

Those declaring the discount rates were not advanced quickly enough after the war financing was finished and are not now high enough to control credit;

Those who "just criticize on general principle—mostly for political effect."

The speaker explained the board sought to conserve credit for productive and crop moving purposes and did not desire to "open the flood gates of credit for speculation, for such would absorb credit which might be employed in useful purposes."

## ANTIS DECIDE TO WAGE FIGHT ON CANDIDATES

Taggart, Democrat, of Indiana First Man to be Opposed

Partial List of Candidates Not Classed As Dry Issued

(By Associated Press)

Washington, September 16. — Officials of the Anti-Saloon League in conference here today made public a partial list of candidates for Congress against whom they will wage battle because of the candidate's position on prohibition.

Wayne B. Wheeler, in the council of the league, in announcing the list declared the league policy to be every candidate not recorded as favorable

to rigid enforcement would be fought "to the finish."

Thomas Taggart, Democrat, who is opposing Senator Watson, Republican, in Indiana, was among those named. Mr. Wheeler declared it was "imperative" to defeat Taggart and re-elect Watson.

## DAVIS TO MAKE KEYNOTE SPEECH

G. O. P. Gubernatorial Campaign To Be Opened Here Friday

Political Leaders and Newspaper Men From State to Attend.

The fact that the address to be delivered here Friday afternoon at two o'clock by Mayor Harry L. Davis of Cleveland, the Republican candidate for Governor of Ohio, is to be his first important public utterance in the campaign has aroused interest over the state to the extent that a number of motor parties have been formed to come here from Columbus, Dayton, Springfield and other points.

A delegation of newspaper men representing the city papers of Ohio will be here to carefully note the keynote speech of Davis in which he is expected to make his position clear on various points at issue in the Ohio campaign.

With Davis will come U. S. Senator Arthur Capper, of Kansas, reputed to be the leading figure in the United States Senate on agricultural matters. Senator Capper is expected to outline the proposed program of the Republican party towards agricultural matters in the nation.

It is also expected that Congressman Fess will be here for a few minutes during the meeting and probably will speak briefly, his appearance being dependent somewhat on his other engagements.

Mayor Davis and Senator Capper will motor here with friends from Columbus and a reception will be accorded them at the Cherry Hotel promptly at one o'clock. The local Republican committee states that all voters of the county who desire may meet these speakers, during the reception time but that the speaking is to start promptly at two o'clock in front of the court house and the reception time will be limited accordingly.

The speakers and escort will march from the hotel to the platform escorted by Whelpley's Band.

## CADET M'DOLE FAILS IN PHYSICAL TESTS

Word has been received in this city from Clark McDole, Cadet who entered West Point Military Academy last July, that he will soon receive his discharge because of physical disability. McDole was passed at the Columbus Barracks with the hope that his eyes would show improvement but when he was re-examined last week he was not able to qualify besides defective sight, a weak lung, and the fact that he was underweight, combined to make qualification for the school impossible.

His academic work was of high standard and there was no doubt that he would have been able to go on with his work except for the rigid physical tests.

## HOTELS ARE PACKED TO THE OVERFLOWING

With the coming of the Fall Festival an avalanche of strangers have descended upon the city with the result that all hotels and rooming houses have been crowded to the limit. The Cherry Hotel, the Arlington, and the Y. M. C. A. report "full up" each night. Private families are caring for large numbers but still they come. At one hotel Wednesday night six men were accommodated in one room.

## CAN SHORTAGE CLOSES PLANT

Because of a can shortage the Crites Canning Plant has been closed at Jeffersonville since Wednesday noon. Cans on their way to the cannery have been held in transit and the greatest crop ever produced for the Crites people is in turn suffering the delay.

Last Tuesday the Crites Plant turned in the most cans they have ever filled in one day, 92,000, and coming close to the maximum capacity of the plant which is estimated at 100,000.

## DYE ADDRESSES FESTIVAL CROWD FESS IS QUERIED

Democratic Nominee For Congress, Among Speakers on Democratic Day.

Mr. Support of Walter H. Brown Pointed Out By Democratic Nominee.

Paul E. Dye, of Urbana, Democratic opponent of Dr. S. D. Fess in the contest for congress in this district, was introduced by Judge Hidy as "a young man, but old enough to be a veteran of the World War." The chairman called attention to the service of the candidate at Soissons and in the Argonne.

Mr. Dye's talk was short, delivered in an easy, straightforward manner, but bristling with queries to his opponent upon his stand on matters of importance to various elements of his constituency.

"If he does not answer these questions, then the answers are apparent; if he does, we will then compare his answers with the facts."

Dye was applauded several times. He received a hand when he put the query: "Why did Mr. Fess vote against the soldier compensation legislation that was approved by the American Legion?"

Another burst of applause greeted the question: "Why did Dr. Fess vote against exempting farmers' unions, strange organizations and conservative labor organizations from criminal prosecution under the Sherman anti-trust law?"

"I don't believe he will be able to convince the small farm and labor organizations," continued the speaker, "that they should be classified with the Beef Trust and similar great trade combinations."

The query that was met with the greatest show of interest by the crowd had to do with Mr. Fess' support of the candidacy of Walter H. Brown in preference to Frank B. Willis in the Republican race for the nomination for United States Senator by Ohio.

"When the Republican National Convention was meeting in Chicago," said Mr. Dye, "Maurice Maschke, RadHynek and Myron T. Herrick, representatives of Republican interests in Ohio and men in sympathy with the Home Rule Association, signed Walter H. Brown's declaration for candidacy for the nomination for U. S. Senator. Later, the Home Rule Association endorsed Walter H. Brown; And then, after moneyed men of the state of Ohio and all the big wet leaders had put their John Hancock's under the name of Mr. Brown, the Hon. Simon D. Fess, of Yellow Springs, well known dry advocate of the Seventh District, comes along and says: 'I endorse Mr. Brown.'"

Other issues taken up by Mr. Dye dealt with his opponent's advocacy of the repeal of the excess profits tax and his support of the "two million dollar congressional investigations that came to naught."

Mr. Dye announced later that he would make an address before the American Legion here sometime within the near future.

## TWO WOMEN GET HUNTING LICENSES

Two Fayette county women—Mrs. Nannie Conrad, City R. 5, and Mrs. Harvey McCune, this city, have taken out hunting licenses in order to take part in the quest for squirrels and other game.

The usual large number of licenses have been taken out in Fayette county and squirrels have been reported plentiful in some districts, with an increased number of farms posted against trespassing.

## FIRST 'PHONE INSTALLED IS ON EXHIBITION

Old Telephone Found in Shoop Harness Shop Was First Ever Installed in Fayette County.

Instrument of Thirty Years Ago Appears to be Toy When Compared With Latest Designs.

In the display window of the Barnett Grocery on Court street may be seen the first telephone ever installed in this city. It contrasts sharply with a phone of the most modern make exhibited beside it.

The owner, Earl Barnett, states that the Shoop Harness Shop was dismantled on North Fayette street, the relic was found covered with dust where it had reposed since it gave way to a more modern type a few years after it was installed.

As near as can be ascertained the telephone was put into use more than thirty years ago in the Shoop Harness Shop. It connected the shop with the Shoop home on East Market street.

Wires incased in glass and strung on the tops of posts were used and the outfit resembled the present day toy made of a tin can and connecting the house and barn for the youngster.

The phone itself consists of a board with the piece containing the sound membrane or parchment on hinges clamped to the top. A small bell on the bottom rang when the board was tapped. When the party answered the form of conversation was in speaking tube fashion, for there was no receiver. This made it necessary to speak and then listen for the reply.

It is said that the phone was one of a group installed for the first telephone system but no trace can be found of the half dozen or so mates.

## Added 50% To Tire Mileage

A Boston tire dealer, for three years, has gathered data on Miller Tires. And he reports as follows:

Users find their tire mileage increased from 50 per cent to 75 per cent.

Blow-outs have been eliminated.

Uniform mileage has been accomplished.

Only six tires in 1,000 come back for adjustment—only five Miller Cords in a year.

A Louisville dealer compared wear and mileage on 116 styles of tires which he repaired. The constant Miller supremacy has caused him now to handle the Miller Tires only.

A California stage line made million-mile comparisons with 21 leading makes. And the Miller won by long odds.

## Rectal Specialist

Dr. L. M. Ross, 165 1/2 N. High St., Columbus, O., will visit Washington C. H. Thursday, September 23rd.

This will afford all sufferers with PILES, FISTULA, ITCHING, FISURE or any other rectal disease or diseases resulting therefrom such as rheumatism, Bright's disease, Diabetes, prostatic and other diseases of men as well as certain diseases of women an opportunity to consult a specialist who employs non-surgical and humane methods of treatment.

You can appreciate what this means by the following statement by Mr. John Peterman, Route No. 8, London, O.:

"I was bothered with piles for 35 years. Was operated on in one of our best hospitals by one of the leading surgeons. Have consulted specialists and tried 'home' remedies as well as advertised 'cures' and obtained only slight relief. Finally I became so nervous and weak that I could scarcely do any work. As a last resort I consulted Dr. Ross and after treatment I am entirely cured. My bladder trouble as well as the aching in my back and legs are all gone. Any one desiring may write me as to the truth of this statement.

Don't wait until you have suffered years, but seek permanent relief now. Dr. Ross guarantees results or no pay, and no charges are made for consultation and advice. He will be at the Cherry House for one day only. Those who make appointment in advance will receive attention first. A booklet on rectal diseases will be sent free. Ask for it.

## The Fall Festival

The folks responsible for making the dream of a real Fall Festival for Washington and Fayette county come true have reason thus far to feel well satisfied with the success which has crowned their efforts for a real genuine success the big undertaking has become.

Really the exhibition is remarkable in both its quality and its quantity. Merchants and producers have entered wholeheartedly into the spirit of the enterprise and the result of the co-operation of effort is one that is a credit to the community. People from a distance can not fail to get a correct idea, from the exhibitions, of just what wholesome, intelligent and industrious people live and work hereabouts.

The carnival is a true mirror of our daily life. How we work and live prosperously and happily here together. The effort, too, is a splendid proof of the wholesome spirit of the community co-operation that exists.

We all have reason to congratulate the individuals responsible for putting on the carnival and ourselves on the splendid exhibition of our community life they have made possible for us to present to visitors.

The carnival is a credit to the city and county and its good effects will be felt at home and abroad for a long time to come.

## The Farmers

Every day adds to the convincing proof that the organizations, being perfected and already perfected, by the farmers throughout the nation, are not going to fail in the accomplishment of a very considerable amount of good.

The history of the agricultural sections and the farmer folks records numerous and costly failures of attempts to bring about co-operation among the primary producers of the land. The farmers have stood as the victims of the middlemen, a great unorganizable body of men, the bulwark of the nation resisting, either actively or neglectfully, all attempts to bring them together in one disciplined force capable of dealing with their own problems and assisting the consumers to escape from the grasp of the profiteers.

In almost every section of the land the farmers are alert to the vast possibilities within their grasp and they are proceeding intelligently and practically along the ways which will bring under their control a vast power of which they have long been unjustly deprived to their own detriment and to the tremendous cost and, frequently, suffering of the millions of consumers.

With the unnecessary interference and market manipulations of the non-producing middlemen removed and the ultimate price shorn of the unconscionable profit exacted by those who toil not, there will be a marvelous transformation in the nation's foodstuffs markets.

## Too Much About Nothing

To be perfectly frank with ourselves it must be acknowledged that neither one of our candidates for president seems to be conducting a very "telling" or, to the people, satisfactory campaign.

Almost everyone feels that there is something lacking. The campaign seems to be dragging and folks are losing interest or rather are not taking the interest they should or that amount of interest it was hoped they would take.

There are many vital questions which for some reason the candidates pass by in their discussions. The people are anxious to hear what the candidates propose to do about trade conditions, domestic and foreign, what place America is to occupy in the new world affairs, what is to be done—specifically—with profiteers, what about labor and material costs and a host of other real problems.

It is not helpful or even entertaining to hear or to read the pronouncement of position expressed generally. The people want to know just what the candidates are aiming for and how they intend, if elected, to correct the ills we have now.

Of course we miss some of the old timers in the political arena, but that's not the trouble. The new gladiators should be more interesting than the old timers, but they are not and public attention is wandering from the campaign as a consequence.

## POETRY FOR TODAY

### THE SLEEPING WORLD

Sleep while the big earth rolls silently round  
And the sun's gone to other lands;  
Sleep while thousands of ocean waves  
roll drowsily into the quiet shores  
To sleep on the quiet sands.

Sleep, for the mountains are all asleep  
With their heads tucked down in the clouds.  
And the big desert moon hangs low  
In the sky to drowsily watch the crowds

Of Arabs asleep in their tents— all asleep.  
Sleep like the birds dreaming dreams in the trees.  
Like the corn fields a-nod in the slow swinging breeze;  
Lie in your dream boat, so wide, so deep,  
and dreamingly drift into quiet sleep.

For the whole world's so drowsy, so heavy with sleep—  
The whole world's so drowsy, so heavy with sleep—  
The whole world's asleep.  
— Cora Browning Gogswell.

## BEATS GASOLINE AT 15 CENTS A GALLON

New Invention Makes Fords run 34 miles on Gallon of Gasoline and Start Easy in Coldest Weather. Other Cars Show Proportionate Savings.

A new carburetor which cuts down gasoline consumption of any motor, including the Ford, and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 1999 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 percent to 50 percent, but enables everyone to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather without previously warming the motor. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents, to whom they offer exceptionally large profits. Write them today.—Adv.

## MAYOR THOMPSON'S FAVORITES LEAD IN ILLINOIS ELECTIONS

(By Associated Press)

Chicago, September 15.—Tickets headed by Senator Small, of Kankakee, for governor and Congressman Frank Smith of Aledo for United States Senator, and which had the support of Mayor William Hale Thompson, were leading for the Republican nomination in today's Illinois primaries in the early returns.

Cook County in early returns gave the Thompson faction ticket a large majority over that headed by Lieutenant Governor Oglesby for governor and William B. McKinley for senator, but down state Oglesby had a lead on scattering precincts.

## HESSIAN FLIES NOW EMERGING

Early sown wheat is again expected to be infested with the Hessian fly. The flies began emerging early in September. Eggs were found on volunteer wheat, the presence of which makes it impossible to exterminate this insect. Old wheat stubble collected at Columbus on September 1 gave up the flies during the following week. Emergence is expected to continue until the safe sowing dates suggested by the entomologists of the state. The dates may be obtained from county agricultural agents or the Ohio State University, Columbus.

## Thousands of Women

## Owe Their Health To

Lydia E. Pinkham's Vegetable Compound — overshadowing indeed is the success of this great medicine. Compared with it, all other medicines for women's ills seem to be experiments. Why is it so successful? Simply because of its sterling worth. For over forty years it has had no equal. Women for two generations have depended upon it with confidence.

Thousands of Their Letters are on our files, which prove these statements to be facts, not mere boasting.

### Here Are Two Sample Letters:

#### Mother and Daughter Helped.

Middleburg, Pa. — "I am glad to state that Lydia E. Pinkham's Vegetable Compound did me much good when I was 35 years old. I was run down with female trouble and was not able to do anything, could not walk for a year and could not work. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E. Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Vegetable Compound as the best medicine I have ever used." — Mrs. W. YERGER, R. 3, Box 21, Middleburg, Pa.

Fall River, Mass. — "Three years ago I gave birth to a little girl and after she was born I did not pick up well. I doctored for two months and my condition remained the same. One day one of your little books was left at my door and my husband suggested that I try a bottle of Lydia E. Pinkham's Vegetable Compound. I started it immediately and I felt better and could eat better after the first bottle, and I continued taking it for some time. Last year I gave birth to a baby boy and had a much easier time as I took the Vegetable Compound for four months before baby came. On getting up I had no pains like I had before, and no dizziness, and in two weeks felt about as well as ever." — Mrs. THOMAS WILKINSON, 363 Columbia Street, Fall River, Mass.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Miss Fannie Persinger cordially extended the hospitality of her home Wednesday afternoon to the women of the First Presbyterian Church for the September meeting. Forty women were in attendance and an interesting program followed by a delightful social hour, the assistant hostesses Messdams Jess Persinger, N. B. Hall, W. B. Lansing, Will Noble, Arthur Burgett, Forest F. Tipton, George Worrell, William Hutchinson, Carl Mallow, Lillie Breech, Elizabeth Post, Wilbur Hyer, M. A. Slaughter, Kiester, O. K. Probasco, Jess Magley, Elmer Noble.

In the absence of the President, Mrs. Harriett E. Woodward, Vice President, was in charge of the program, two other Vice Presidents, Mrs. A. J. Walker and Mrs. Bella L. Ustick assisting in the devotionals.

Mrs. John Wilson and Mrs. Romaine Mitchener were program leaders, the topic, "A National Program" and "India."

Mrs. Lulu H. Robinson discussed "Interchurch Advance," in an excellent paper. She made the statement that the partial failure of the interchurch movement was due to the special drive for funds among non-Christians, called the Friendly Citizens Movement. It is now planned to carry on the work but to abandon that part which will call for heavy expense. Canada has succeeded much better than this country in this movement, but did not emphasize the Friendly Citizens side.

The writer voiced the opinion that this movement may yet succeed.

Mrs. Arthur Burgett favored the women with a lovely contralto solo. "New Social Ideals in India," was the subject of a splendid paper by Mrs. W. W. Barnes.

Women have had more difficulty in acquiring their place in India than in any other country in the world. The progress of India depends largely upon the progress of women. Race, religion and caste make progress difficult. Some of the men admit the benefit derived by women of India in their clubs. A social service club among women has been organized and is doing definite work.

Only one in every one hundred and forty women can read and write. Over two million wives are under ten years of age.

"Current Events in Missions in India" were events in a most interesting way by Mrs. L. H. Goddard.

Only four out of every hundred girls in India are in school. The church is the pride of the natives, who though ignorant, hang upon the words of the missionaries with great interest. Christian teaching is affecting these people in many ways, although there is yet much to be done. The Indian Church must evangelize India.

### HOW TO KILL AN ORGANIZATION

Don't come to the meetings. If you do come, come late. If the weather doesn't suit you, don't think of coming.

If you do attend a meeting, find fault with the work of the officers and other members.

Never accept office, as it is easier to criticize than to do things. Nevertheless, get peeved if you are not appointed to a committee; but if you are, do not attend the committee meetings.

If asked by the chairman to give your opinion regarding some important matter, tell her you have nothing to say. After the meeting tell everyone how things ought to be done.

Do nothing more than is absolutely necessary, but when other members roll up their sleeves and willingly, unselfishly use their ability to help matters along, say that the club is run by a clique.

Let the president and the chairman of the committee do the money raising.

Hold back your payments as long as possible, or don't pay at all. We borrowed the above—pass it along.

lation was served. Vases of cosmos and dahlias were tastefully placed in the rooms.

The autumn dance, the first of a series of dances to be promoted by the Sunflower K. of P. Lodge, of Jeffersonville was a decided success Wednesday evening with seventy-five couples of the order and their families enjoying the affair.

The Hall was attractively decorated with purple and gold streamers, and Carr's Orchestra of Jeffersonville donated splendid music.

The Good Hope W. C. T. U. meeting, Wednesday afternoon, at the home of Mrs. Hugh Sollars on the Good Hope pike brought together a large attendance of members for a Suffrage meeting.

Mrs. David S. Craig, County Chairman of the Fayette Suffrage Association made a comprehensive talk, impressing the need of women's understanding what the nineteenth Amendment means and making an intelligent study of the new privilege of franchise.

Mrs. John York and Mrs. Ralph Braden were chosen as delegates to the convention at Cleveland.

Mrs. Hugh Smith and Mrs. John York were assisting hostesses for the afternoon and with Mrs. Sollars served dainty refreshments, the women enjoying a social hour afterwards.

Fall flowers and greenery were used in graceful arrangement through out the spacious rooms of the handsome country home.

Washington friends of the bride-elect, an extremely pretty and attractive girl share warmly in the following Dayton news.

The home of Miss Betty Anderson in Patterson street, was the scene of a

very interesting affair Wednesday evening, when an announcement party was given in honor of Miss Louise Greiner, formerly of Washington C. H., whose marriage to Mr. Lawrence E. Ransberger, of Springfield, Ohio, will be an event of the early Fall.

The announcement was cleverly made by means of a mail airplane, which swung from the ceiling and dropped the message down to a group of young girls, engaged in a game of Hearts.

The announcement came as a great surprise to the many friends of the bride-elect and, they showered her with best wishes as they accompanied her to the dining room for the supper. The table was a picture, the color scheme pink and white and the center piece a Kewpie bride, with long tulle veil and bridal bouquet of roses. Several affairs honoring Miss Greiner will take place with in the next few weeks.

Mr. and Mrs. W. P. Deakyne and children of Selden visited Mr. and Mrs. E. J. Deakyne at Milledgeville.

Mr. and Mrs. Snider, daughters, Miss Sylvia and Dorothy, and Miss Elsie Norris of Xenia were motoring guests of Mr. and Mrs. George H. Sunkle and daughters, Miss Snider and Miss Norris will remain for a couple of days with Miss Fern Sunkle.

Misses Alpha Mitchell, Ivalon and Murrel Brown of Milledgeville were recent guests of friends in this city.

Dr. J. E. Bolmer motored to Lebanon, Wednesday evening, taking home his mother and sister, Miss Pearl, from a few days' visit with him.

Mr. and Mrs. Jack Preston (Helen Hidy) of Springfield, are guests of Mr. Preston's parents, Rev. and Mrs. Keane-Preston, in Bloomingburg, while attending the Fall Festival. Mr. Preston is in charge of the Preston Bros. booth.

Mr. and Mrs. Frank Baughn of Harmony recently visited friends in this city.

Miss Edna Todd had as her guest Tuesday, Miss Alpha Mitchell of Milledgeville.

Mrs. Robert McElwain and Mr. Eva Miller, of Boston, Mass., were guests of Mrs. Lang Johnson Wednesday.

Mr. and Mrs. Henry Flattery (Helen Orr) of Spartanburg, S. C., are visiting Mrs. Flattery's parents, Mr. and Mrs. Wilbur Orr.

Mr. Adam Summers of Dayton is spending several days with Mr. Martin Hamm and family.

Miss Louise Baer of Columbus is visiting her brother, Mr. C. N. Baer and family.

Mr. and Mrs. William Willard and daughter Marian, of Chillicothe, were guests of Mr. and Mrs. Charles McLean and daughter Katharine Wednesday night to attend the Fall Festival.

Mrs. Robert Schenck of Dayton, is visiting her grandmother, Mrs. Mary Patton and family and attending the Festival.

Mr. Jay, Trobridge, of Columbus, has been the guest of Mr. C. H. Griffin this week to attend the Fall Festival and hunt.

Mrs. D. H. Rowe returned Wednesday from Grant Hospital, Columbus, where she has been since Monday recuperating from a tonsil operation.

Mr. John L. Reed returned early in the week from Port Clinton, Ohio, where he enjoyed a week's fishing with his son, Mr. Fred Reed, of Columbus.

Mr. and Mrs. Howard Jefferson of Bloomingburg are announcing the birth of a ten pound son at the Fayette Hospital Wednesday evening.

Mr. James Ducey was over from Wilmington Wednesday visiting his mother, and attending the fall festival.

Mr. and Mrs. Frank Bonham and son Frank, Jr., arrived from Cincinnati Thursday afternoon to be the guests of Mr. and Mrs. Charles F. Bonham over the week end.

Mr. and Mrs. Horace Gray and children came over from Dayton Thursday evening for a few days' visit with Mrs. Gray's sister, Mrs. O. A. Divens and Dr. Divens at Good Hope.

Mr. and Mrs. Vernon J. Schwallie arrived Thursday for a visit with the latter's grandmother, Mrs. Lucy Sylvester, and sister, Miss Ruth Kelly.

Mr. and Mrs. Schwallie have spent the past two months in Chicago, where Mr. Schwallie superintended the erection of a Triumph Ice Machine and leave the first of next week for a stay of several months in Dallas Texas.

Mr. and Mrs. R. E. Browning have returned from a visit in Falmouth and Brooksville, Ky.

Washington friends will be interested in learning that Miss Dorothy Rogers, of Wilmington, left Monday for New York to enter Columbia University. Mr. W. B. Rogers accompanied his daughter to New York.

### ENROLLMENT AT MIAMI IS RECORD SIZE

Oxford, Ohio, September 16.—Miami University's long career of usefulness was illustrated in a striking way at the opening exercises Wednesday morning, September 15, when 1100 students just enrolled for the new college year witnessed the presentation of the Houdon statue of Washington, a gift to the college from the oldest living graduate, Dr. Samuel Spahr Laws, of the Class of 1848. At the same time a valuable portrait in oils of the Hon. Whittellaw Reid, of the Class of 1856, was presented by Mrs. Reid, the presentation address being delivered by the Rev. William J. McSurely, D. D., of Oxford, a friend and classmate of Mr. Reid.

Unusual interest is centered in Miami University this fall, as was clearly manifested by the throng which crowded the auditorium at the exercises Wednesday. The attendance is beyond all previous records, there is a headliner of a football season in prospect, a million dollar campaign for additional buildings is just about to begin, and the university will have in residence through the fall and winter two well known American poets and playwrights, Percy Mackaye and Riddgely Terrence.

### GIVEN SENTENCE FOR CONSPIRACY

(By Associated Press)  
Tokio, (By Mail).—Jo-so-kan, a Korean has been sentenced to four years penitentiary in connection with a conspiracy against the lives of Prince and Princess Yi of Korea. The conspiracy was formed as a protest against the marriage of the Korean prince with a princess of the Japanese blood. When the judgment was announced, Korean girls among the spectators began to moan and weep. At this Jo-so-kan turned and asked them to have no fear—that he would appeal his case.

### FESTIVAL GROWS IN PROMINENCE ON SECOND DAY

Booths Continue To Go Up As Spirit of Festival Asserts Itself.

Farmers and Democratic Day Interfered With By Rain But Sky Clears For Evening Program.

Augmented by addition of many booths the great Fall Festival in this city grew into wider prominence on its second day, Wednesday, and throughout the entire afternoon and evening the streets were thronged.

Although rain threatened the greater part of the afternoon and interfered to a marked extent with the Farmer's Parade shortly before four o'clock it had not interfered with program of public speaking on the court house lawn which hundreds had attended earlier.

For a decorated truck Wallace Wolfe, of the Columbus pike, won prizes aggregating twenty dollars in the "Farmer's Parade" and he also won the prizes for being the heaviest man in the parade. Wolfe exhibited the tallest stock of corn and won the prizes in that department. Charles Free of Good Hope was given the prize for being the tallest man.

Wednesday evening brought out a crowd almost as large as opening night. Booths were liberally patronized and the Barkoot Shows midway was one of the main attractions. The several riding devices over the city were filled all evening. It was said that one thousand persons rode "The Whip."

Both the Washington Band and the Kilty Band are doing their share in entertainment and throngs were gathered around them all evening.

The announcement that "Jumbo Jr." would appear on the tight wire above West Court street at ten thirty o'clock held the crowd in the festival district until that hour. The act is proving one of the greatest attractions of the week. The performance at five o'clock was cancelled because of a wet wire.

Dancing under the management of Committeeman Stanley Schneider is a popular amusement and the court marked off on Market street, directly back of the court house is filled each evening. Harvey's Orchestra is at its best.

The Auto Show got under way Wednesday and the square on Main street between Market and Court is entirely taken up with displays of the latest machines. The Automobile Parade will be held at 3:30 p. m. Friday with another parade in the evening at 7:30.

Friday is also re publican Day and it is expected that one of the largest crowds of the week will be in the city

### INVITING vs. ACCEPTING BANKING BUSINESS

In earlier days banking institutions held aloof from the daily life of commerce—merchants came, hat in hand, and their business was *accepted* or not accepted.

*Today, every progressive bank realizes that its own well-being and growth hinges on the extent of its usefulness to the business life of the community. It INVITES business.*

As every merchant is eager for as large a volume of trade as his establishment can properly handle, so are we eager for the banking business of reputable farmers, merchants and manufacturers, to the limit of our ability to care for it and *we invite it.*

## STATE EXHIBITS ON WEST COURT

Weights and Measures, Food and Drug and Dairy Exhibits Furnish Display of Unusual Interest.

Three exhibits of the State Food Department on West Court street are drawing their share of attention from the public because of the prominence with which they have attained all over the state.

Harry Baughn, Deputy Sealer of Weights and Measures, has on display dishonest weights and measures of every description. Scales with tricky figures and measures with their sides dented in show how thousands of households are cheated every year.

At first glance the trickery practiced to deceive the thrifty housewife would never be detected and it requires the Sealer to see beyond the dent in the tin gallon can or to note the scales with a transposed set of dial figures. Deputy Baughn states that some of the illegal scales and measures on exhibit were taken in Fayette county.

Mr. A. N. McWilliams is in charge of the Food and Drug Exhibit and contained here is a display of opium sets taken in raids in Ohio cities. One of the most prominent sets was taken only a few days ago in Akron. All the dens raided, says Mr. McWilliams, were run by Chinese. Each set is valued, in the estimate of those who traffic with them, at from \$5,000 to \$7,000.

A person who will operate an opium joint, declares Mr. McWilliams, cannot have a conscience.

Mr. Nickson of the State Department is in charge of the Dairy department of the exhibit and this display is equally interesting.

# LUCKY STRIKE

TOBACCO

CIGARETTE

The one special thing that makes you like Lucky Strike—in a cigarette or pipe—is this entirely different flavor of toasted Burley tobacco.

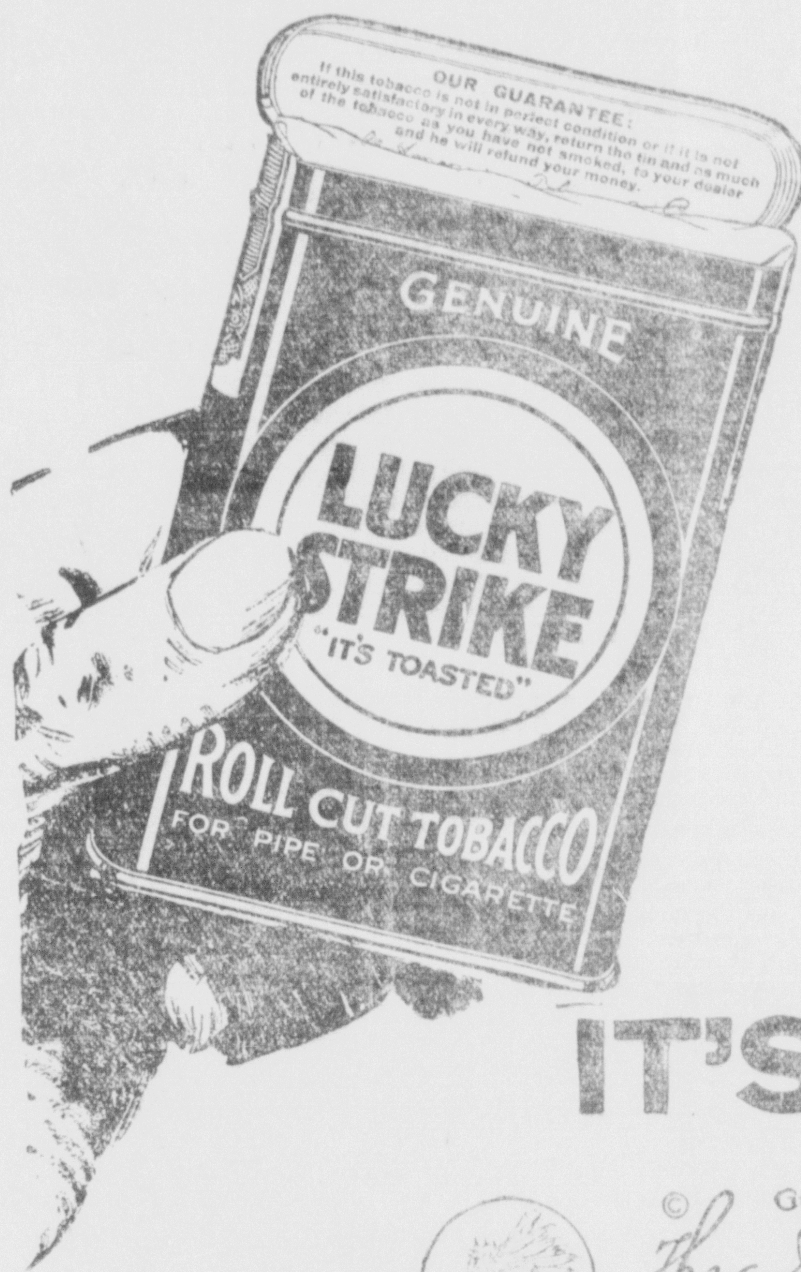

Nature has made Burley tobacco perfect—almost. Toasting finishes the job.

Toasting seals in the Burley flavor. Toasting closes the pores in each leaf. The Burley flavor can't come out except when you light your cigarette or pipe. Heat seals it in, heat releases it.

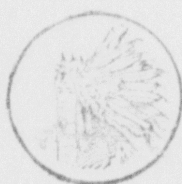

(You know the way a bee works on honey. Seals in all the delicious honey with a coating of wax. Same principle.)

It means something to you to have the original Burley flavor on hand when you want it.

Try Lucky Strike and see for yourself how toasting makes the flavor delicious.

## YOUR LIBERTY BONDS

Opportunities to sell your Liberty Bonds are found on every hand. If you are forced to sell, however, you would do well to find out exactly what the recognized market price is in order to protect yourself.

Giving accurate, up-to-date quotations on Liberty Bonds is only one of the services of our Liberty Bond Department. It is prepared to buy or sell any issue of Liberty Bonds at market prices, to give information as to conversion and exchange of bonds from one issue to another, and to cash maturing interest coupons.

Ask this department any question you have concerning our Liberty Bonds.

## AUTO LIGHTS BLIND HORSE AND DRIVER TWO ARE INJURED

Blinded by the lights of an approaching automobile Hiram Smith, of the Greenfield pike, drove his horse off the culvert at the Wilson School Wednesday night and both he and his wife were painfully injured. Their small son was not hurt.

Smith had his right hand badly gashed and his left hip was injured. Mrs. Smith received a badly bruised shoulder.

Both the horse and buggy went over an embankment of several feet and the rig was smashed.

## CORN CUTTING OPENS NEXT WEEK

Corn cutting, which last year started the first week in September, this year will be formally launched next week, or fully two weeks later than last year.

Farmers are becoming somewhat uneasy because of the slow progress toward ripening of the crop, and many are holding old corn for seed, believing that much of the corn will be cut green and if low temperature comes next winter the germination powers of the new corn will be killed or reduced to a point where it will not make satisfactory seed corn.

Late wheat sowing will result because of the late corn cutting and this is being recommended as a safeguard against the Hessian fly which again is appearing in large numbers in many parts of Ohio.

## ROANOKE, VIRGINIA, CONDUCTOR HEARTILY RECOMMENDS NERV-WORTH

S. J. Turnbull, 512 Dale Ave. No Longer Suffers With Stomach Trouble And Enjoys Restful Sleep.

"When I began taking Nerv-Worth my digestion was very bad," said Mr. Turnbull some time ago. "I couldn't eat any meat, and had to guard against a heavy diet. My food would not assimilate, but fermented, and I was troubled with a swollen condition incident to gas on the stomach. After taking one bottle of Nerv-Worth, I am eating anything I wish to, and can rest at night with calm repose of a child. I am now taking my second bottle of Nerv-Worth, and heartily recommend it to any one who suffers from nervous indigestion and sleepless nights."

## HOME HYGIENE CLASS IS FULLY INDORSED

"Through the course in Home Hygiene I have learned that prevention is the most important thing to keep in mind and I feel that through it I will be able to avoid much sickness. I think the American Red Cross is doing a wonderful work for the women and girls and I sincerely hope the classes will be continued in all parts of the country." is the compliment that has been paid to the Red Cross by a woman who was enrolled in a Home Hygiene Class.

The Fayette Red Cross Chapter has announced that within a short time a

less nights." The above testimonial is mighty interesting, because it tells how this man was relieved of a condition to which thousands are subject. Nervousness and stomach troubles are ills which many think are not subject to relief, but the statements written by people who have actually been helped by Nerv-Worth prove that it will give relief. Nothing need be added to these statements to make them more forcible. Give Nerv-Worth a trial, and if your first trial bottle does not prove that it is helping you, your money will be refunded. You will finally come to Nerv-Worth for results, so why not start now? Be sure to get the genuine in the round bottle. Price \$1.25 plus tax. Sold by Brown's, Christopher's and all leading druggists everywhere.—Advt.

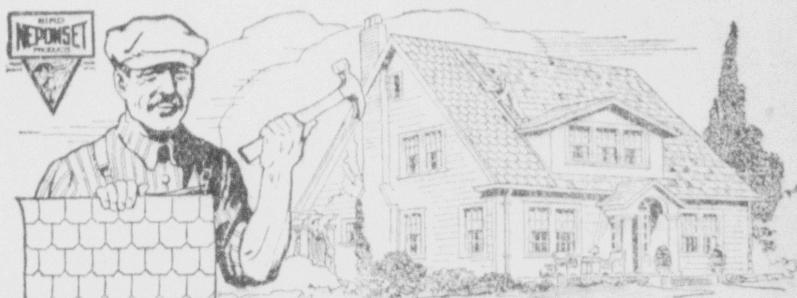

Home Hygiene class is to be organized in this city and women and girls are now being enrolled at Red Cross headquarters. Classes will start on October 1st, and fifteen lessons will be given.

Some of the things which will be taught in the class are: how to prevent colds; how to keep the family well; how to recognize the first symptoms of illness and what to do; how to feed the baby in the best way; how to make a bed with patient in it; how to bathe bed patients; how to take temperature, pulse, and respiration; how to treat accident and emergencies.

# SAVE FEDERAL RESERVE ACT URGES BROUGH

Governor of Arkansas Flays Harding As Reactionary And Bares Record.

Says Many Issues Brought Up By G. O. P. in Effort To Detract From Reserve Act.

Governor Charles E. Brough, of Arkansas, speaking to a Fall Festival crowd in this city Wednesday afternoon, forcefully defended the League of Nations and warned voters that if the Republicans are victors at the fall election they would destroy the Federal Reserve banking systems and strike a serious blow at progressive government.

All other issues brought up by the republicans, he declared are chiefly camouflage to hide the real issue which, he said involves the life of the Federal Reserve system.

He declared that Senator Harding was a pronounced reactionary and that his nomination came about through a small group of political bosses just as predicted prior to the convention.

He praised the democratic nominee as one of the most progressive and capable executives of the nation and predicted for him a highly successful administration if elected. He named Wilson as the man with the greatest intellect of the age.

His criticism of Senator Harding and his record in office was sharp and he accused him of dodging 1163 roll calls during his term in the senate, and voting against numerous progressive measures of great importance.

Gov. Brough is a great grandson of former Gov. Brough, of Ohio, and has a very warm spot in his heart for the Buckeye state.
